My Internet connection is so slow it drives me crazy

The lack of a fast Internet connection is holding back my business

Broadband would mean I could work from home more

You could get up to £1,000 to get that sorted

Faster broadband. The wait is over.

If your Internet connection download speed is currently less than 2 Megabits per second, you could claim up to £1,000 to cover the upfront costs of purchasing a faster broadband solution through our Broadband Support Scheme. The scheme is open to individuals, SME businesses and 3rd sector organisations.

So, why wait any longer?
