

# Social Enterprise Coalition For Pembrokeshire

Dear Colleague

**Welcome to the PAVS Public Service Delivery Network  
For Voluntary Organisations and Social Enterprises delivering  
services funded by the Public Sector or seeking a Public Service Contract**

Through the Social Enterprise Coalition Development Project PAVS has set up the Service Delivery Network. The Network is designed to offer information and specialised services to organisations such as yours. The network will be "virtual" meaning that you do not have to find time in your busy schedule to attend meetings.

Members of the Network can access:

**Free** or low cost tailored workshops and training sessions

**Free** monthly information updates commencing March 2008 (highlighting information and developments in the local statutory agencies, Welsh Assembly Government and other key agencies)

**Free** one to one sessions (surgeries) with contracts staff from local statutory agencies. Meet the buyers!

Networking opportunities. We may be able to put you in touch with other organisations running similar services to take forward project ideas to bid for funding in partnership.

The first workshop for the Network is the **How to Tender Seminar** at the Wolfscastle Hotel, near Haverfordwest, on 5<sup>th</sup> March from 10.00am – 3.30 pm. Please see the enclosed flier for more information.

Our records show that your organisation would benefit from being part of the network. The information updates will be sent via email, you will be contacted shortly if we do not have an email address for your organisation. We will not send large emails (no attachments), and will not use your email address for any other purpose. If you do not wish to be part of the Network please let us know.

For more information on the Network or to let us have your email address please contact:
